Letter No.C.761/23-23 ated 1st September 1924 from the Deputy Commissioner, Mysore District to the Muzrai Commissioner in Mysore

---

"With reference to your D.O.letter No.C.1161/22-23 dated 28/29th August 1924 re preservation of the Sri Narthanarayanaswamy temple at Talkad, I have the honor to forward herewith a copy of Nanjangud Sub Division Officer's report No.364/23-24 on the subject received today for your kind perusal.

In pursuance of instructions issued in your letter No.C.722/22-23 dated 28/29th May 1923, the Sub Division officer had been ---- instructed to inspect the temple with the local Assistant Engineer and to submit an estimate accompanied by a report as to what was necessary to preserve the temple being submerged in sand. After over an year, and the issue of so many as 9 reminders, the Sub Division officer now reports that a joint inspection with the Assistant Engineer was not possible on account of flood havoc and the activities connected therewith, that he inspected the temple on the 4th July last with the Amildar of T.Narasipur Taluk and found that sand had been removed over half the precincts of the temple and door fixed for Garbha grina by the Public Works Department and that the work of clearance of the remaining sand should be immediately undertaken etc. The estimate of costs required for this work has not been furnished by the Sub Division Officer. He has been called upon to furnish the same to this office without further loss of time. On receipt thereof, it will also be submitted."

Secretary to Government,
Revenue Department,
Bangalore

SIR Sri Kirthi Narayanaswami Temple at Talkad.

Adverting to correspondence ending with this office D.O. letter No.589 dated the 29th April 1925 in the matter of the removal of sand around the Sri Kirthi Narayanaswami Temple at Talkad in the T.Narsipur Taluk, I have the honour to inform you that I personally inspected the Temple and its surroundings on the 14th May 1925 with a view to offer my opinion on the subject. I find that there is no necessity to do any work as far as the ensuing Jatra is concerned. But on the other hand if the Archaeological Department want the basement all round the temple to be cleared of sand to study the inscriptions, it will be necessary to spend about Rs 12,000 as estimated for by the Executive Engineer, Mysore Division.

I have the honour to be,
Sir,
Your most obedient servant,

6.7.25
Chief Engineer of Mysore.

V.N.S.
